Non-Endowed Funds

NON-ENDOWED FUNDS AT WHATCOM COMMUNITY FOUNDATION

A non-endowed fund is like a long-term charitable savings account held by the Community Foundation that can grow through strategic investing and financial contributions. Non-endowed funds have no permanent principal balance and are immediately available for grant distribution in relation to their fund purpose (donor advised, field of interest, designated, etc.)

TAX STATUS OF CONTRIBUTIONS

Donations to non-endowed funds are tax deductible. Donors often set up funds so they can receive charitable tax benefits immediately upon making their donation, while maintaining the social-good grantmaking power for an extended amount of time.

All contributions to Community Foundation funds are treated as gifts to a Section 501(c)3 public charity and are generally tax-deductible, subject to individual limitations. Whatcom Community Foundation does not provide tax or legal advice; we recommend consulting a professional advisor with questions about a gift to the Community Foundation.

VARIANCE POWER

A Community Foundation is required under federal tax law to have the ability to vary from the terms of a fund agreement (“variance power”). This allows the Whatcom Community Foundation to have a unique ability to protect a donor’s interests/charitable wishes after their lifetime. This protection falls under the ability of Whatcom Community Foundation’s Board, made up of community leaders, to use its variance power to ensure that the donor’s intent is fulfilled at the time their gift is realized and/or in perpetuity.

The Board will use variance power if one of the following circumstances arises: gift is no longer, necessary, the gift if incapable of fulfillment, or the gift is no longer in the best interest of the the community.
